510 (k) Summary

Page 18/

This summary of 510(k)-safety and effectiveness information is being submitted in accordance with the requirements of SMDA 1990 and 21 CFR 807.92.

Date Prepared: March 16, 2006

510(k) number: _____

11 1 5 2008

Applicant Information:

Cardima, Inc.

47266 Benicia Street

Fremont, CA 94538

Contact Person:

Eric Chan, Ph.D.

Phone Number:

(510) 354-0176

Fax Number:

(510) 657-4476

Device Information:

Classification:

Class II

Trade Name:

Cardima Ablation System

Classification Name:

Electrosurgical Device and accessories (21 CFR 870.4400)

Equivalent Device:

The subject device and accessory are substantially equivalent in intended use and/or method of operation to the Cardima Ablation System (K022008)

Intended Use:

The Cardima Ablation System is intended to ablate cardiac tissue during cardiac surgery using radiofrequency energy.

Device Description:

The Cardima Ablation System consists of the disposable Cardima Ablation Probe with Stabilization Sheath, the reusable INTELLITEMP® energy management device, and associated cables.

Test Results:

Performance

Results of in-vitro testing demonstrate that the Cardima Ablation System is safe and effective for its intended function.

Re: K060715

Trade/Device Name: Cardima Ablation System

Regulation Number: 21 CFR 878.4400

Regulation Name: Electrosurgical cutting and coagulation device and accessories

Regulatory Class: Class II

Product Code: GEI Dated: April 21, 2006 Received: April 21, 2006

Dear Dr. Chan:

We have reviewed your Section 510(k) premarket notification of intent to market the device referenced above and have determined the device is substantially equivalent (for the indications for use stated in the enclosure) to legally marketed predicate devices marketed in interstate commerce prior to May 28, 1976, the enactment date of the Medical Device Amendments, or to devices that have been reclassified in accordance with the provisions of the Federal Food, Drug, and Cosmetic Act (Act) that do not require approval of a premarket approval application (PMA). You may, therefore, market the device, subject to the general controls provisions of the Act. The general controls provisions of the Act include requirements for annual registration, listing of devices, good manufacturing practice, labeling, and prohibitions against misbranding and adulteration.

If your device is classified (see above) into either class II (Special Controls) or class III (PMA), it may be subject to such additional controls. Existing major regulations affecting your device can be found in the Code of Federal Regulations, Title 21, Parts 800 to 898. In addition, FDA may publish further announcements concerning your device in the <u>Federal Register</u>.

Please be advised that FDA's issuance of a substantial equivalence determination does not mean that FDA has made a determination that your device complies with other requirements of the Act or any Federal statutes and regulations administered by other Federal agencies. You must comply with all the Act's requirements, including, but not limited to: registration and listing (21 CFR Part 807); labeling (21 CFR Part 801); good manufacturing practice requirements as set forth in the quality systems (QS) regulation (21 CFR Part 820); and if applicable, the electronic product radiation control provisions (Sections 531-542 of the Act); 21 CFR 1000-1050.

Page 2 – Eric Chan, Ph.D.

This letter will allow you to begin marketing your device as described in your Section 510(k) premarket notification. The FDA finding of substantial equivalence of your device to a legally marketed predicate device results in a classification for your device and thus, permits your device to proceed to the market.

If you desire specific advice for your device on our labeling regulation (21 CFR Part 801), please contact the Office of Compliance at (240) 276-0115. Also, please note the regulation entitled, "Misbranding by reference to premarket notification" (21 CFR Part 807.97). You may obtain other general information on your responsibilities under the Act from the Division of Small Manufacturers, International and Consumer Assistance at its toll-free number (800) 638-2041 or (301) 443-6597 or at its Internet address http://www.fda.gov/cdrh/industry/support/index.html.

Sincerely yours,

Mark N. Melkerson
